B. R. HARNE AYURVEDIC MEDICAL COLLEGE, VANGANI.

DEPARTMENT OF ROGA NIDANA AVUM VIKRUTI VIDNYANA

DEPARTMENTAL INFORMATION

Roga Nidana avum Vikriti Vigyan is an important subject for all students of Ayurveda. This subject deals with the study of pathology in the body and helps to learn about diagnosis of various diseases. This subject helps to gain information of diseases with their causes, pathogenesis, clinical examination and laboratory investigations.

We in B. R. Harne Ayurvedic Medical College, have a well facilitated & organized department of Roga Nidana on the second floor, having an area about 200 square meters. It has proper ventilation & sufficient space.

Our department has a well equipped laboratory on the third floor with haematology analyser, biochemistry (semi-auto) analyser and all other equipment, chemicals, reagents needed for advanced laboratory investigations.

Department includes a special library consisting of different Samhitas & textbooks of Modern Pathology for referral. Well-designed charts of important concepts are incorporated for the visual impact on students. The Departmental Laboratory has a separate whiteboard for teaching; as well as other required stationery.

The teaching faculty of this department is well versed in the subject and uses modern techniques like powerpoint etc. to impart quality education to students. To enhance the practical knowledge of students the department also has various models and specimens. The department also arranges educational visits, seminars, CME, guest lectures and various competitions to keep the students active and maintain their interest in the subject.
