

Introduction

The department comprises of three subjects Agadtantra i.e., Toxicology, Vyavhar Ayurved i.e., Forensic Medicine & Vidhivaidyak i.e., Medical Jurisprudence. Agadtantra deals with detail study of poisons and their management, whereas Vyavhar Ayurved & Vidhivaidyak deals with medical aspect of law & legal aspect of medicine respectively. Department of Agadtantra, Vyavahar Ayurved Evam Vidhivaidyak (Toxicology, Forensic Medicine, and medical jurisprudence) facilitates the 2 nd year undergraduate B.A.M.S. students with educational inputs related to the subject with lectures, practical and educational visits. The Department has Academic section and Museum which are spread over a spacious area. Department has full-fledged museum displaying specimens, charts and models showcasing faces of medical jurisprudence, forensic medicine and toxicology as per MSR.

Vision

1. To bring law and medicine together for preparing ayurveda students for their medical, legal and social duties in medical profession.
2. To teach the students of Ayurvedic medicine and professionals in the fields related to forensic medicine, medical jurisprudence & toxicology.

Mission

1. To make the students capable of making observation and conclusions in criminal matters as well as associated medico-legal problems.
2. To create an interest among the students about researches related to toxicology and various medico legal issues.
