

REPORT OF EDUCATIONAL VISIT ORGANISED BY DEPARTMENT OF ROGNIDAN EVUM VIKRITI VIGYAN

Date: 11th & 12th May 2026

Time: 9:00 AM to 5:00 PM

Place: Dombivli

Student Batches: A, B, C & D

Institutions Visited

1. Utkarsha Scanning Centre
2. Swanand Pathology Laboratory

Faculty Accompanying the Students

Dr. Sachin Naik – Professor & HOD
Dr. Komal Gulakari – Associate Professor
Dr. Tejal Jadhav – Assistant Professor

Objectives

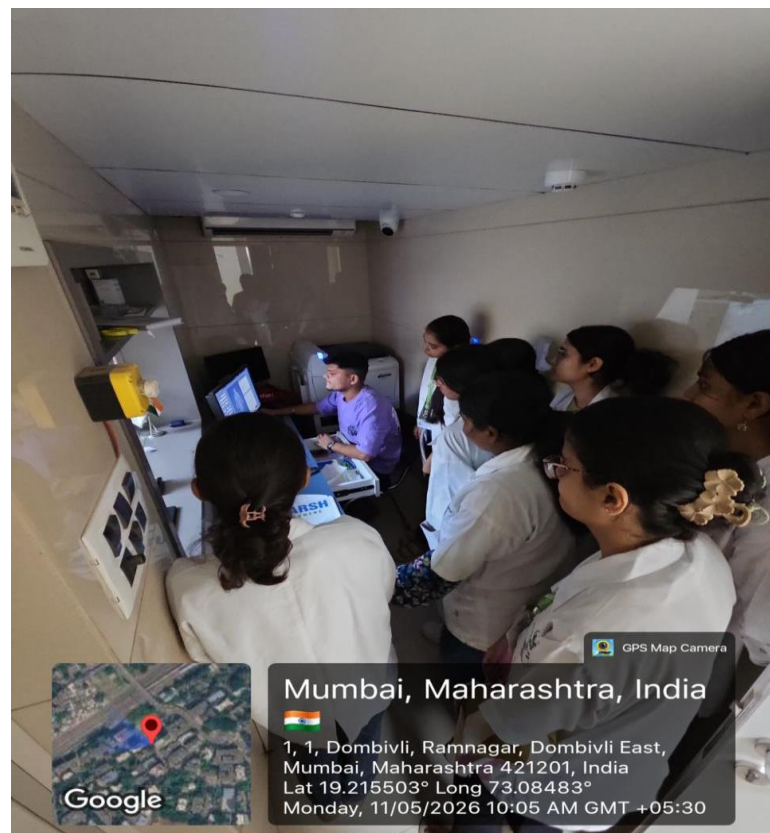

1. To provide practical exposure to diagnostic imaging and laboratory investigations.
2. To understand basic procedures and clinical significance of radiological and pathological investigations.
3. To correlate clinical findings with investigation reports.
4. To enhance practical and competency based learning as per NCISM curriculum.

Visit & Learning Experience

1. At Utkarsha Scanning Centre, students were oriented regarding diagnostic imaging, including their basic principles, procedures and clinical applications.
2. At Swanand Pathology Laboratory, students observed sample collection, processing, analysis and reporting and were introduced to the clinical significance of commonly performed laboratory investigations.

Outcome

The visit provided students with valuable first-hand practical exposure and helped them correlate theoretical knowledge with actual diagnostic practices, strengthening their understanding of Rognidan and clinical diagnosis.
